operarioribeiro@proton.me

Proposal:

United Nationalities (UN²) is an participatory online platform to research, discuss, and develop open source proposals for the rule of law (RoL) collaborative development of the United Nations (UN) based on my 'Open United Nations (OUN)' and 'Open Education in the United Nations (OEdUN)' masterclass courses syllabi. It is being developed through my decades of works with most of the United Nations System (UNS) several high commisariats, and suborganizations and compiled for for my works with the most respected institutions like the United Nations Education Science Culture Organization (UNESCO) International Institute for Educational Planning (IIEP) and United Nations Economics Council for Europe (UNECE) Working Party on Regulatory Cooperation and Standardization Policies (WP.6) Education on Standardization Initiative (START-Ed).

Prerequisites:

To Develop, if possible, the United Nationalities (UN²) UN80 Participative Platform it is necessary for the United Nations (UN) to:

- **Review the Open United Nations (OUN) and Open Education in the United Nations Methodology** under the due public international law (PIL) rule of law (RoL) regulatory compliance and UN Department for General Assembly and Conference Management (GGACM) 'Editorial Manual' standards.
- **Creation of a Peer Review Commission** with experts from all over the United Nations Education Science Culture Organization (UNESCO) University Twinning and Networking Programme (UNITWIN) United Nations Open Education (UNOE).
- **Establish Presential Masterclasses and Massive Online Open Courses (MOOC)** for multiplication throughout the United Nations Systems (UNS) and its most trusted international stakeholders.

1. United Peaces Nations:

1.1. United Nations (UN) Pledge of Allegiance:

Develop, if possible, projects on the following pledge, writing another in your own language and poetic style: "I pledge allegiance to the Flag of the United Nations (UN) and to the World Federation for which it stands, one planet under secular law, indivisible, with peace, justice, and liberty for all.".

1.2. United Countries (UC):

Develop, if possible, projects on your own alternative version of the United Nation (UN) organization with its historiography, official documents, and institutions.

1.3. United Ombudsman (UO):

Develop, if possible, projects on the United Nations (UN) needs for continued feedback forwarding system, including at least a telephonic call center and website, to improve its commitment to access to information as present in its 2021 'Recommendation for Open Science'. Include how it will establish and enforce its standards for all call centers and online technical support.

1.4. United Staffs (USt):

Develop, if possible, projects to establish a fully transparent and accountancy auditable monitor and evaluation (M&E) of all United Nations (UN) workers to further the institution's international trutability.

1.5. United Nations Uniforms (UNUn):

Develop, if possible, projects with code of conducts, contributions covenants, and civil military (CivMil) uniforms standards design for every culture. Consider including a flag made with pieces of peace forces uniforms to it.

1.6. United Peacemakers (UP):

Develop, if possible, projects on improving the relations of the Blue Helmet Peace Forces and other international military institutions like the North Atlantic Treaty Organization (NATO) including an International Military Assembly (IMA) for highest ranks generals and a Civil Military (CivMil) Assembly (CMA). Include an International Peacekeepers Foot Drill.

1.7. United Nations Nonviolent Peacemakers (UNNP):

Develop, if possible, projects on the way the United Nations (UN) Peacekeepers forces requirements for preventive peacemaking diplomatic forces in urgent in field situations.

1.8. United Nationality Parliamentary Assembly (UN^2PA):

Develop, if possible, projects on the world federalism movement proposal for opening the United Nations (UN) for public direct democracy.

1.9 United Nations Interparty Assemblies (UNIA):

Develop, if possible, projects on how the United Nations (UN) can honor its mandate as an organization of peoples, not of governments, which requires that all countries' political parties participate in their choice of neutral representatives for United Nations General Assemblies (UNGA) and bureaucratic works. If you believe this kind of political dialogue has no place in the organization develop projects for an United Nations Political Parties Assembly (UNPPA).

1.10. United States of Nations (USN) and United Municipalities of Nations (UMN):

Develop, if possible, projects on how the United Nations (UN) establishment of assemblies between not only national governments but also their inner regional states and municipal leaders can amplify national voices and their due assessment.

2. United Justices Nations:

2.1. Universal Declaration of Human Duties (UDHD):

Develop, if possible, projects on why the concept of "duty" was taken off the accepted John Peters Humphrey 'Original Draft of the 'Universal Declaration of Human Rights (UDHR)', which made it really clear that human rights required an unanimous definition of "human", "rights", and "duties" so that this last was a pillar of its first article. Consider researching the United Nations (UN) historiogrpahy and how it could proceed to improve this issue for the common good.

2.2. United Votings (UV):

Develop, if possible, projects on how the United Nations (UN) can synchronize its own voting procedures to world nations' votings for country leaders, states governors, municipal prefects, et al to facilitate their international audit in a General Voting Assembly (GVA).

2.3. United Ethics (UE):

Develop, if possible, projects that verse on the role of universal principles research and implementation as the most important common heritage of humanity legated by the United Nations (UN) since its 'Universal Declaration on the Human Rights (UDHR)' including their importance for public international law (PIL), human rights, and glocal environmental social governance (ESG) sustainable development (SD) green logistics.

2.4. Universal Declaration of Nature Rights (UDNR):

Develop, if possible, projects on the United Nations (UN) Sustainable Develop, if possible,ment Goals (SDGs) impossibility of implementation without a proper bioethics charter that stipulates the differences between human rights, animal rights, plants rights, and ecosystem rights along its consequences for our relations to ecology, especially legally.

2.5. United Nations Audit (UNAud):

Develop, if possible, projects on the United Nations (UN) volunteers and workers open access to request assistance in auditing their work conditions by its Peacekeepers along the International Criminal Police Organization (InterPol) and Blue Shield International in their most diferent work fields.

2.6. United Compliances (UC):

Develop, if possible, projects on the United Nations (UN) need and best practices strategies for the International Justice Court (IJC) and the International Criminal Court (ICCt), and Permanent Court of Arbitration (PCA) regulatory compliance under the internal audit of its United Nation Evalution Group (UNEG) secretariat. In the process consider how it may promote the judgement of artistic crimes and museological curatorship regulatory compliance to establish harm reduction measures for censorship as if your work itself was being monitored and evaluated (M&E). Include how this institution will securely deploy national International Court of Courts (ICtCts) worldwide with a central Court of Internationality Justice (CIJ) metamagistrate.

2.7. International Inter-Military Court (IMC):

Develop, if possible, projects on the proper establishment of United Nations (UN) Peacekeepers different nations' armies regulatory compliance under the International court of Justice (ICJ), International Criminal Court (ICCt), and Permanent Court of Arbitration (PCA) civil military (CivMil) cooperation (CMC) standards.

2.8. United Policies (UP):

Develop, if possible, a project to show how your local government can help polices to unite under the International Criminal Police Organization (InterPol) and the Blue Shield International to safeguard and defend the United Nations Science Culture Organization (UNESCO) network. Include how this would assist educational institutions, heritage sites, and galleries, libraries, archives, museums (GLAM) in accordance with the International Council of Museums (ICOM) against international traffic, but they are overwhealmed due to the lack of cooperation between local and global instances.

2.9. United Governments (UG):

Develop, if possible, projects on the United Nations (UN) public international law (PIL) mandate requirements for its International court of Justice (ICJ), International Criminal Court (ICCt), and Permanent Court of Arbitration (PCA) world jurisdiction mandates to be established, so countering its governance model critics' statements that it still have its own clients as staff members without any conflict of interest disclosure. Include its intergovernamental documents, staff, procedure protocols, and audit interoperability, interaction, and intercooperation like that which is beggining in the European Union (EU).

2.10. International Supreme Courts Association (ISCA):

Develop, if possible, projects on the International Court of Justice (ICJ) and the International Criminal Court (ICCt), and Permanent Court of Arbitration (PCA) requirement for intergovernmental juridical systems diplomacy centers to establish juridical audit standards to be implemented through rule of law (RoL) public international law (PIL) regulatory compliance by the International Criminal Police Organization (InterPol). Include this institution's and its International Juridical Embassy (IJE) regulatory compliance measures under the 'Universal Declaration of the Human Rights (UDHR)', open justice, open court, open compliance, open laws, and all United Nations (UN) policies.

2.11. United Legislatives (UL):

Develop, if possible, projects on state governmental law making and policymaking systems local site-specific implementation of a global legislative body coordinated by the International Court of Justice (ICJ) and the International Criminal Court (ICCt), and Permanent Court of Arbitration (PCA) to help them create cooperative legal interoperability precise standards. Include at least a constitutional development procedure and statutory legislational code of conduct for its constituints.

2.12. International Court of Fair Trade (ICFT):

Develop, if possible, projects on the role the World Trade Organization (WTO) has in the fulfillment of its mandate's requirement for antislavery abolitionist fair trade labor generation.

2.13. International Court of Immigration (ICI):

Develop, if possible, projects on the United Nations High Commissioner for Refugees (UNHCR) fulfillment of its mandate's requirement for open justice and open court establishment standards to judge the differences between refuge, exile, and immigration properly in each site specificity.

2.14. United Copyrights (UCopy):

Develop, if possible, projects on how to improve the International Standards Organization (ISO) and World Intellectual Property Organization (WIPO) coordination, control, monitoring and evaluation (M&E) of world copyright and open licenses limitations. Include how to enforce ethical licenses open standards, especially online, for cretive works' "oathorship" without dimnishing poetics and privacy rights.

3. United Solidarities Nations:

3.1. International Humanitarian Corridors (IHC):

Develop, if possible, projects on how the United Nations (UN) Office of the High Commissioner on Human Rights (OHCHR) can fulfill its mandate better in compliance International Humanitarian Law (IHL) and the Sphere Standards requirements for massive migratory movements of populations.

3.2. United Aid Control Center (UACC):

Develop, if possible, call center projects for the United Nations Department of Global Communications (UNDGC) to deliver best practices in emergency and disaster situations. Please do not include the joke "Geneva, we have a problem." until the National Aero-Space Agency (NASA) and European Space Agency (ESA) are fully funded again.

3.4. United Survivors (USurv):

Develop, if possible, projects on new United Nations (UN) Office of the High Comissioner on Human Rights (OHCHR) survivors survey to handle their pain harm reduction better.

3.5. United Non-Governmental Organization (UNGO):

Develop, if possible, projects on how the United Nations (UN) can improve its role as an international governmental organization (IGO) with several international non-governmental organizations (INGOs) that develop projects, programs, and standards for local non-governmental organizations (NGOs). Include how this suborganization can organize these partner civil institutions with an United Nations Assistance Institutions for Develop, if possible,ment (UNAID) assembly, to replace the countless cancelled United States Assistance Institutions for Develop, if possible,ment (USAID) projects worldwide.

3.6. International Employers Organization (IEO):

Develop, if possible, projects relating the International Labor Organization (ILO) standards, policies, and projects to methodologies and practices that employers can use to end slavery, poverty, and subemployment taking into consideration how the different jobs development and unemployment data help measuring employer leaderships.

3.7. Open World Central Bank (OWCB):

Develop, if possible, projects on the solutions for the United Nations (UN) regular financial problems even with the support of the World Bank Group and World Trade Organization (WTO). Include strategies for it to truly benefit from a public transparent auditable International Monetary Reserve (IMR) open endowment. My 'Open Economy Ontology (OEO)' research may be of assistance in this process.

3.8. United Banks (UB):

Develop, if possible, projects on the World Bank Group and International Monetary Fund (IMF) need for an assembly of financial stakeholders to enforce and implement the United Nations Federal Credit Union (UNFCU) ethical and sustainable banking standards established by the World Trade Organization (WTO) and the Global Alliance for Banking on Values (GABV).

3.9. International Minimum Wage (IMW):

Develop, if possible, projects on how the World Health Organization (WHO), International Labor Organization (ILO), and world banking system can establish a minimum wage programme, including sustainable development (SD) incentives and basic income standards where needed, with the International Monetary Fund (IMF) and World Bank Group.

3.10. United Trade Organizations (UTO):

Develop, if possible, projects on how to harmonize the works of the countless trade organizations worldwide like the World Trade Organization (WTO) and World Bank.

4. United Sciences Nations:

4.1. United Systems (USys):

Develop, if possible, projects on the International Telecommunications Union (ITU) role in the development of world standards and management systems for the world wide web (WWW) with its Internet Governance Forum (IGF) and World Summit on Informational Systems (WSIS) and how these can co-create an enterprise architecture with design plans to establish an organization to coordinate all analogical and digital technologies, including an United Tools (UTools) and United Informatics (UInfo) public policymaking parliaments. It is encouraged to do it collaboratively like the Internet Engineering Task Force (IETF) did.

4.2. United Universities (UUni):

Develop, if possible, projects on how the United Nations Education Science Culture Organization (UNESCO) University Twinning and Networking Programme (UNITWIN) can organize all world universities for daily academic activities without forgetting to connect univeristy museums to the International Council of Museum (ICOM).

5. United Heritages Nations:

5.1. United Cultures (UCul):

Develop, if possible, projects on how a such institution could assist the United Nations Science Culture Organization (UNESCO) several suborganizations responsibility to protect (R2P) duty of care standards of care for all the different world cultures rule of law (RoL) regulatory compliance. This will probably require an United Censors (UCens). Include a diagram organizing all cultural stakeholders to harmonize all cultures in an intercultural diplomacy compliance with the United Nations Conference on Trade and Develop, if possible,ment (UNCTAD) requirements so to also establish a World Trade Organization (WTO) like World Cultural Trade Organization (WCTO) for the proper regulation of international cultural industries and art markets.

5.2. United Heritage (UH):

Develop, if possible, projects on open assemblies for world museums and heritage sites custodians in the United Nations Education Science Culture Organization (UNESCO) World Heritage Center (WHC), International Council of Museums (ICOM), International Centre for the Preservation and Restoration of Cultural Property (ICCROM), and International Comitee for Museology (ICOFOM). Include standards to monitor and evaluate (M&E) when its projects and documents can be considered common heritage of humanity.

5.3. United Museums (UM)

Develop, if possible, projects on open assemblies for world museums and heritage sites custodians in the United Nations Education Science Culture Organization (UNESCO) World Heritage Center (WHC), International Council of Museums (ICOM), International Centre for the Preservation and Restoration of Cultural Property (ICCROM), and International Comitee for Museology (ICOFOM).

5.4. United Channels (UChan):

Develop, if possible, projects on how the United Nations TeleVision (UNTV) can expand its acting to have several digital channels for all its suborganizations live public international watching and(or) participation.

5.5. United Documents (UNDocs):

develop projects on how to publicly update the UN Department for General Assembly and Conference Management (GGACM) 'Editorial Manual' to include all media outlets.

6. United Diplomacies Nations:

6.1. United Chaplains (UCh):

Develop, if possible, projects on United Nations (UN) Peacekeepers' rule of law (RoL) standards and enforcement methods for civil and military (CivMil) secular, interfaith or not, chaplains.

6.2. United Nations Temple Mount:

Develop, if possible, projects on how all involded stakeholders can establish the United Nations (UN) propose that the Jerusalem Temple mount can become an interfaith museum heritage of the Abrahamic Faiths (Judaism, Christianism, and Islamism) to the rule of law (RoL) secular state through the United Nations Relief and Works Agency for Near East (UNRWA) mandate and glocal neutral administration to honor its countless religious traditions' people workers, volunteers, and most respected international faith based organizations (FBOs) and interfaith diplomacy institutions.

6.3. United Nations Documents Ordination:

Develop, if possible, projects on how religious leaders worldwide, like Quaker and indigenous leaders in Pennsylvania and Buddhist Monks in Bihar, ordinated historical trees to protect them from being taken down. Include an interfaith perfomance to ordinate a tree, even if secularly, to an specific United Nations (UN) document so to secure them along their paper's source.

6.4. United Nations High Commissioner for Exiled (UNHCE):

Develop, if possible, projects on the United Nations High Commissioner for Refugees (UNHCR) name not taking into consideration the fact that people who exile and immigrate suffer as much as refugees, sometimes to advocate for its name change.

6.5. United Children (UC) and United Elders (UEld):

Develop, if possible, projects on the ethical inclusion of children and elders in the decision-making, like any other justice equity diversity inclusion (JEDI) minority) of the United Nations Children's Fund (UNICEF) incluidng the creation of Children Model United Nations (CMUN).

6.6. Universal Declaration of Identity Rights:

Develop, if possible, pojects on rainbow responses to the United Nations (UN) 'Universal Declaration of Human Rights (UDHR)' Article 1st and Article 2nd.

6.7. United Genders (UG):

Develop, if possible, projects for how the United Nations Women (UNWomen) can be expanded to truly fulfill its gender equality mandate.

6.8. United Races (UR):

Develop, if possible, projects on a suborganization that coordinates anti-racism open justice historical reparation projects in the United Nations (UN). For that purpose it may be imprescindible to always assess every race when talking about one specifically persecuted in a situation.

6.9. United Tribes (UT):

Develop, if possible, projects on the United Nations (UN) policies and programmes for indigenous participation in it and how a proper intertribal assembly for all races would assist it. Consider having it under compliance with your own ethnicity, portraing how your leaders could work in such a council on the field and bureaucratic offices without recurring to cultural appropriation or caricature. Include how an United Original Nations (UON) is an imprescindibility for other tribes.

6.10. United Royals (UR):

Develop, if possible, projects on how to improve the United Nations (UN) royal workers and volunteers condition through this proper dialogue and negotiation suborganization in compliance with commoners audit of it and the pulbic international law (PIL). You can recur to my 'Commoners Royal Relations (CRR)' open research to help you on this proposal.

6.11. United Regional Organizations (URO):

Develop, if possible, projects on the organization of regional international governmental organizations (IGOs) like the African Union (AU), Association of Southeast Asian Nations (ASEAN), Arab League (AL), Arab Maghreb Union (AMU), Caribbean Community (CARICOM), Council of Europe (CoE), Eurasian Economic Union (EAEU), European Political Community (EPC), European Union (EU), South Asian Association for Regional Cooperation (SAARC), Shanghai Cooperation Organisation, Asian-African Legal Consultative Organization (AALCO), Union for the Mediterranean (UfM), Union of South American Nations (USAN), and Brazil Russia India China South Africa (BRICS).

6.12. United Diplomacies (UDiplo):

Develop, if possible, projects on how the United Nations (UN) Peacekeepers civil military (CivMil) peace forces require preventive nonviolent peacemaking diplomatic forces for emergency, disaster, and war situations. Include plans to establish United Nations Embassies (UNE) with their due legislations and protocols. Include methodologies for this institution to neutrally and independently develop an International Supreme Court of Diplomacy (ISCD) like the European Council (EC) works for the European Union (EU).

7. United Welfares Nations:

7.1. United Recycling (UR):

Develop, if possible, projects on this institution to coordinate world trash under the United Nations Environmental Programme (UNEP) and United Nations Office for Sustainable Develop, if possible,ment (UNODS) standards.

7.2. United Agroforests (UAf):

Develop, if possible, projects on public agroforestry programs creation imprescindibility for world ecological restoration, sustainable development goals (SDGs), upcycling recycling green logistics, rural or urban community orchards, and even poor neighborhood improvements environmental social governance (ESG) in compliance with the United Nations Environmental Programme (UNEP) and United Nations Office for Sustainable Develop, if possible,ment (UNODS), starting them right away whenever possible.

7.3. United Neighborhoods (UNhoods):

Develop, if possible, projects on how the United Nations Human Settlements Programme (UN-Habitat) can gather communities together in creating community housing with an United Incorporations (UInc) and urban solutions for everyone programmes.

7.4. United Diets (UD):

Develop, if possible, projects on an suborganization that establishes limits to animal torture products consumption with a complete vegan or vegetarian supper course for its innauguration to honor the United Nations (UN) plant-based co-founders and stakeholders. Recall how Oswald Aranha, received a beef recipe in his honor and the 'Universal Declaration of the Human Rights (UDHR)' redactor John Peters Humphrey still has not yet a rice, beans, salad, and vegan beef with cheese and garlic tomato sauce yet.

7.5. United Families (UF):

Develop, if possible, projects on a suborganization of United Nations (UN) personnel and partners families to assist glocal orphans, familyless, neglected people and compagnion animals.

7.6. World Veterinarian Organization (WVO):

Develop, if possible, projects on how the World Health Organization (WHO) has already developed reports on the role of animals in human welfare but yet needs this suborganization plan to review its standards for animal rights in compliance with the sustainable development goals (SDGs).

7.7. United Sports (USp):

Develop, if possible, projects on how the United Nations Education Science Culture Organization (UNESCO) and the World Health Organization (WHO) promotion of sports for the welfare and health of the world population can be improved by the creation of its own noncompetitive sports teams in all modalities like the Harlem Globethrotters have in basketball.
